

# Song Sampler submissions

To send audio (see Audio Submission guidelines) for the Song Sampler, email an mp3 file with the song title, album the song is on (if it's on an album), and a two or three sentence write up about the song (think album liner notes).

Include a tagline (see Tagline Submission).

Following the Photograph Submission guidelines, include a high resolution (300 ppi) CD cover (if it's on an album).

Email [ashley@dpnews.com](mailto:ashley@dpnews.com) for a waiver that you will need to sign and return, giving DPN permission to use your audio.

**All audio must be of music in the public domain, or is an original that you have written.**
